Fellow American,

While a lack of having the will for self control can turn people toward actions of crime that robs innocent people of their rights, belief in accidental evolution gives evil people an excuse to not only assume the right to rob innocent people of their rights, they also work at overthrowing the United States Constitution and the God given unalienable rights of all mankind. Such people oppose our laws of liberty because, they want to achieve control over what they believe is the accidental evolution of earth's populations and all life.

The Declaration of Independence is seen to be old fashioned and out of date only by those who believe that the foundation of life is explained in the theory of accidental evolution rather than by the design of God.

People who choose to be governed by God see the foundation of America's greatness written in the words of the Declaration of Independence.

The Independent American Party or IAP supports and promotes liberty through constitutional law. In doing so, the IAP educates and recruits our fellow citizens with the goal to elect and support public servants who will uphold our values of liberty. We work to elect sheriffs and all elected servants who will stand up to uphold the rights of all citizens in accordance with their oath of office and all of the principles of liberty as declared in the Declaration of Independence, upheld by the laws of the Constitution, and defended by the [Constitutional Sheriffs and Peace Officers Association](#).

You can help the cause of liberty by telling others and giving out the enclosed cards that direct people to <http://www.voteiap.org> .

Our National Motto, “In God We Trust”, expresses the faith of America as given in the 1774 First Continental Congress prayer.

William Penn of Pennsylvania said, “If we will not be governed by God, we must be governed by tyrants.” Where society has no self control, tyranny must demand it.

People who choose to be governed by God see the foundation of America's greatness written in the words of the Declaration of Independence.
